Congratulations, you have completed the setup process of your trial Xenith account. It will take approximately one hour to activate your account. Once you've waited on hour you can proceed to installing Xenith.

### **Installing Xenith:**

Thanks for becoming a Xenith customer. In just a few steps you'll have everything you need to run the awesome Motivewave platform with Thomson Reuters. If you have any questions during your installation, please feel free to chat, or phone one of our technical support agents. You can reach them at [www.metastock.com/customer](http://www.metastock.com/customer). In order to setup your account please follow the following steps.

Login to <http://www.MetaStock.com/mydownloads>. You will always use your email address and the password you setup when you initially ordered Xenith. If you forgot your password, please use the password reset button located on this page.

1. If you signed up through the website, you may continue to step #2. If you signed up through the phone, please sign your MetaStock Xenith Users agreement on the my downloads page and wait one hour.

2. Complete the First Time Login process. During the First Time Login process you will:

- Set your product password - this is separate from your metastock.com password. We recommend using the same password.

3. Install MetaStock XENITH: MetaStock XENITH is downloaded during the First Time Login process. If for some reason you need to reinstall MetaStock Xenith or use a second computer, you can install [so here](#).

4. Launch MetaStock XENITH:

- MetaStock XENITH UserID is your email address.
- MetaStock XENITH Password: [reset here](#) if you have forgotten it.

Congratulations, now that you have loaded MetaStock Xenith, you are ready to use it to power your MotiveWave™ application.

Thanks for using MetaStock Xenith.
